- Break-bulk vessel arrangements.

**Business Logistics** specializes in providing customized solutions for the safe conveyance of over dimensional, heavy and bulky cargo. We have been responsible for the movement of cargo requiring unusual handling.

**Business Logistics** can arrange for over-dimensional cargo to move overseas while lashed and choked on flat racks or open-top containers. This is ideal for large equipment and machinery.

For over-dimensional loads travelling over the road, we offer specialized heavy lift forklifts, and the necessary equipment to secure them.

Over Dimensional Cargo Movement are always handled with complete and careful co ordination keeping in mind project schedules as well as all aspects and possibilities available.

Bulk cargo is commodity cargo that is transported unpackaged in large quantities. These cargos are usually dropped or poured, with a spout or shovel bucket, as a liquid or as a mass of relatively small solids (e.g. grain, coal), into a bulk carrier ship's hold, railroad car, or tanker truck/trailer/semi-trailer body. Bulk cargos are classified as liquid or dry.
